INSURANCE COVERAGE:

Most students are covered under Workers Safety & Insurance Board (WSIB) provided by the Ministry of Education. This coverage is provided for the total hours needed by the student to complete their Co-op credit requirements, as long as all required parties have signed a Work Education Agreement! It is strongly recommended that consideration should be given to additional 'Student Accident Insurance' coverage. www.insuremykids.com

I acknowledge and understand requirements including:

- Credit(s) will only be granted if attendance and all schoolwork is complete and satisfactory.
- Student is to attend their placement as per placement scheduled hours, promptly and with a positive attitude to demonstrate learning.
